

Dear Trevor,

Notice of Climate Active certification

Congratulations! Joe Bendotti & Co, trading as Bendotti Avocado, has met the requirements of the Climate Active Carbon Neutral Standard for Products, and is now certified as carbon neutral in 2021-2022 for its avocados produced, packed and distributed from the farm until point of retail.

We have executed your Licence Agreement and Joe Bendotti & Co can use the certification trade mark in Australia for its avocados. Please find your Schedule of Certification in Appendix A.

Welcome to the Climate Active Network (CAN). The network is made up of organisations and businesses leading voluntary action on climate change. CAN members receive regular sector insights from the Climate Active team and invitations to networking events, where you can develop business to business contacts, share views and take leadership on climate change.

I commend you and your staff on achieving carbon neutral certification and making an important contribution towards a low carbon future.

Yours sincerely

Daniel Sheedy
